The Museum Accreditation Scheme for Museums in the UK

July 2010

Explanation Notes

- Museums with Full Accreditation have demonstrated that they meet all sections of the Accreditation Standard (2004), and are actively addressing any Areas for Improvement identified during their assessment of biennial monitoring;
- Museums with Provisional Accreditation have demonstrated that they meet the majority of the Accreditation Standard (2004), and are actively resolving those Required Actions requested by the Accreditation Panel to ensure they meet those sections of the Standard not yet met. On completion of these Required Actions, the Museum would normally return to an Accreditation Panel with a recommendation for Full status;
- Museums with Full Registration have demonstrated that they meet all sections of the Registration Standard (1996). All Museums within the Registration Scheme have been invited to apply for Accredited status from 2005-2010. The Registration Scheme ceases for all museums in September 2010;
- Museums with Provisional Registration have demonstrated that they meet the majority of the Registration Standard (1996). All Museums within the Registration Scheme have been invited to apply for Accredited status from 2005-2010. The Registration Scheme ceases for all museums in September 2010;
- Excluded Museums are those that deliberately remove themselves from the shared ethical basis of the Schemes by consciously contravening the Registration or Accreditation Standard. A panel will have agreed this status following the receipt of a recommendation for exclusion from an expert assessor.
